ASSEMBLY BILL

No. 749

Introduced by Assembly Member Wolk
(Principal coauthor: Assembly Member Berg)
(Principal coauthor: Senator Alquist)

February 22, 2007

An act to add Section 1569.695 to the Health and Safety Code, relating to residential care facilities for the elderly.

LEGISLATIVE COUNSEL'S DIGEST

AB 749, as amended, Wolk. Residential care facilities for the elderly.

Existing law provides for the licensure and regulation of residential care facilities for the elderly by the State Department of Social Services. A violation of these provisions is a crime.

This bill would require, *as of March 1, 2009*, those facilities to have an emergency plan that includes specified provisions and is available, upon request, to residents onsite and available to local emergency responders. Additionally, the bill would require the department to confirm, during licensing visits, that the plan is on file at the facility. By expanding the definition of a crime, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. Section 1569.695 is added to the Health and
2 Safety Code, to read:

9 than 72 hours immediately following any emergency or disaster,

18 SEC. 2. No reimbursement is required by this act pursuant to

24 the Government Code, or changes the definition of a crime within
